L1LPs & L2LPs

Useful Free Online Resources

One of our L1LP & L2LPs teachers recommended the website learningchocolate.com. It has many vocabulary developing activities useful for children following both the L1LPs & L2LPs. The activities are verbal, text and picture based, making them easy for students to do independently on their smart devices.

MoneyWorksheet

homeschoolmath.net is a great L2LPs numeracy resource recommended by our colleagues. It has a range of worksheets on euro money. Each worksheet has solutions on the second page to allow for ease of correction. The worksheets vary in difficulty, making them useful for all students in our class settings.
