Junior CYCLE for teachers

Classroom-Based Assessment 1 (CBA 1)

Student Timeline

Ф

Before CBA 1

The most effective preparation for the Oral Communication Task is ongoing and regular use of the language you're studying. Make sure you participate regularly in class.

During CBA 1

You will choose a topic and a format (presentation, role play, interview or conversation in response to a stimulus).

You will present your work in class, for about 3 to 4 min. Your teacher will ask you simple, unscripted questions during that time.

After CBA 1

You will complete an individual Reflection Note explaining the part you played and including your personal reflection on the process (One important thing I learned from doing the Task/ Things I would change or try to improve on). You will give this to your teacher.
