

#Jct4Tuesday

[See the benefits](#)

[Sign up and get started, Tinkercad for Students & Educators](#)

This week's resource is:

Tinkercad is a free cloud based 3D design platform where you can model, create, communicate and visualise designs. With Tinkercad it is easy to collaborate on a design. Tinkercad runs on Windows, Mac, Linux and Chromebooks – along with Android and iOS devices. In Tinkercad you can setup a [Tinkercad classroom](#) which is a shared space for you and your students. More information on setting up a [Tinkercad classroom](#) can be found by clicking [here](#).

Feel free to share your students' experiences with us, with their permission, via Twitter [@Jct4ed](#) or john.forrest@jct.ie

Please ensure your students are aware their work may be seen on Twitter if sent to JCT. Teachers, please ensure if emailing sample student work that you do so using your school/work email address.
